ASHISH RAJ

Software Engineer

AEM Developer (Certified)

PROFILE

- Software Engineer with 6+ years of experience in the analysis, design and development of Adobe Experience Manager (AEM / CQ5) solutions.
- Hands-on with generic and custom components, bundles, System Console, OSGi configuration, servlets, services, templates, dialogs, Experience Fragments, Content Fragments, workflows, event handlers and schedulers.
- Also builds full-stack web platforms for clients with Next.js and Supabase.
- Strong written and oral communication, and a habit of getting things done through collaboration.
